Training 6.0. Corporate Structure

Training 6.0 brings the Core Trainings full circle. We started off talking about why you need an LLC, and it's so important that we're going to end with it too, but with some additional pro tips to help encourage those still needing an extra push!

In this training, Pace lays out why anyone starting a business needs to have an LLC... like yesterday!

After Watching this Video You Will:

- Understand the importance of (and how to) brand yourself on social media.
- Know why you should have started your LLC yesterday.
- Be excited to start tracking your business tax write-offs and have a basic plan to start tracking them, as well as be better prepared before tax time comes.

Your companion workbook is attached to this training.
