

# Phase 1 Course Conclusion from Pace

## Week 4 and Beyond: Continuing Education

### A Note From Pace:

*Great job pushing through to the end and completing ALL of the Phase 1 training sessions! If you knew how many people start a course, but never actually finish it, you would be shocked!*

*Be proud that you had the persistence to keep going when others would have quit at the end of the Core Trainings.*

***But much like graduating from high school or college, the challenging part begins once you get into the field and implement what you have spent your time learning.***

***This course belongs to you forever, so don't hesitate to go back and review as much as you need to.***

*My team and I will continue to keep working hard bringing you the future phases of the Gator Method. Unlike other courses, this course will continue to get bigger and better as time goes on. The future trainings and bonus materials will be uploaded to this course as they become available.*

***So make sure you continue to attend the live training, and come back to this course to receive future updates. We truly want you to have enough training with this method to keep you busy making money for the rest of your life.***

***Remember to play the defense in your deals, and provide a great customer experience. Be an active and good steward of your Gator support communities.***

*There's so much opportunity in the world of real estate. So seize that opportunity for yourself now, so that you may be a Go-Giver of opportunity to others later!*

*Think back to the 1st training, "PREQ1: Give Money, Raise Money, Make Money."*

*In that workbook, you wrote down your plans for the future. Revisit those plans often. Use those plans to inspire the action you take to reach your financial goals. Even the littlest milestone you achieve in your business will make you happy and proud.*

*I promise.*
