

Introduction to JVing Earnest Money - Don't Start Yet!

Week 3: JVing on an Earnest Money Deposit

At this point in the course, you should have a good foundational understanding of private money in real estate, as well as the "what" and "why" of Gator Method.

Week 3 is about learning the "how" of Gator Method. There's a TON of info in this module already, so I'll keep this brief.

But a word of caution: don't run out and try to JV on an earnest money deposit yet! You need to continue and keep working through all the trainings and workbooks until the end of Training 5.0.

So let's get Week 3 started!

- Pace Morby, Gator Method Founder
